

## Kendal **Methodist** Circuit

### **Being a Circuit Steward**

#### **What's involved:**

- Taking an active role in a positive and supportive team in the life of the Circuit.
- Seek to support and be aware of health and well-being of our staff team.
- Is a privilege and a rewarding experience.
- Good overview/bigger picture of what is happening in Circuit (PFAs) particularly as we build on our open, listening and consultative relationship with those in our churches.
- We're there to listen, be aware of, to encourage and empower.
- Be open to new ideas, challenges, and ability to think creatively.
- Confidentiality within the group enables us to function effectively.

#### **Time commitment:**

- 1 x Circuit Leadership Team meeting a month;
- Attendance and involvement with 2 Circuit Church Councils;
- 3 x Circuit Meetings a year;
- Occasional Circuit Steward's meeting – as needed.
- We may meet more frequently should the need arise.
- There is business between meetings – an expectation to respond to emails, contribute thoughts and ideas which requires active involvement.

#### **Trial period:**

- A review after 3 months to reflect on how is it working?
- Is it for you?
- Is it working for CLT?
- This is a two way process.
